Resumes □ Word Processing

WHICH PICTURE

While most will concede that being accosted on a beach by a drunken surfer may not be the ideal way to spend a weekend, it is better than bending over a typewriter in an attempt to explore the comic sensibilities of any philosopher. Especially if you're having to retype a paper that you paid someone else to type for you in the first place.

You went to the wrong typist. The Village Copier Graphics has a staff that knows the word processing needs of students. We can type your from your

handwritten copy and put it in the proper format in record time. And after you've proofed, we'll make any corrections you need and printout your final copy while you wait.

We can also give you the tools to get that special job you're looking for. Our resume service and repetitive cover letters will show your experience and state your desire to each company professionally and individually, with almost no effort on your part.

So don't miss out on the weekend. Come to

SUITS YOU BEST?
